

# Security means different things to different people...

## ...to us it's about intelligent protection

As a small to medium sized enterprise, you need a security solution that works for you. Whether it's producing pies or running a retail network – we take the time to understand your business and security needs. At Global, we believe in intelligent protection. It's a flexible and dynamic approach – an approach that brings together the right systems, solutions and response plans to ensure that you get what you need.

### What we do

#### Business security

At Global, we help you to preserve the integrity and continuity of your business as well as the confidentiality of your clients by protecting your business from disruption and asset loss.

#### Systems monitoring

Our security solutions avoid unnecessary downtime and product loss with instant status notifications from plant equipment, air conditioning systems, freezers and server rooms.

#### Home security

We make sure that you, your family, your home and your valuables are all protected well and safe from fire, intrusion, vandalism and burglary – anywhere in New Zealand.

### 5 reasons to choose Global Security

- **Nationwide:** We provide a consistent service across New Zealand
- **One stop shop:** Our full range of security services covers all needs
- **We make it easy:** We guarantee a seamless transition to our company
- **New Zealand owned:** We are NZ's largest locally owned provider
- **We care:** We are committed to every single business relationship

If this is your idea of security...  
think again.

...much better to have a proactive team you can trust

Your business is your livelihood, and we make it our business to protect yours. We don't wait until something goes wrong – we are there for you along the way to prevent issues. Our intelligent systems and response protocols will alert you early with clear reporting.

Global Security provides a full range of security services with a dedicated, 24/7 control centre. We're the third largest security provider in New Zealand – big enough to deliver nationally, small enough to care about each customer. After all, we're a locally owned and operated business, too.

## How we do it

### Consult

Your issues and challenges are our starting point. Our experts will custom-design the right solution for you and guide you through the process.

### Install

We provide you with state of the art security alarm, camera and access control systems. We only use products produced by industry leaders.

### Monitor

Global Security uses world-leading monitoring equipment. Our control rooms are staffed by highly trained, Police cleared personnel – 24 hours a day.

### Respond

Global Security offers informed reliable security guard and patrol response services nationwide. It's not just a patrol service, it's hard and fast protection.

### Maintain

To keep your systems fully operational at all times, we develop on-going maintenance plans which provide preventative and tailored service and support.

### Connect

We keep you firmly in the loop, because we believe in building strong working relationships. Our commitment to customer service means we take your security personally.

## Contact us to discuss your security requirements

We're keen to help. From CCTV through to alarm and access systems, we have over 20 years' experience in providing SMEs with security systems and security solutions across numerous areas, including retail, hospitality, manufacturing, child care and petrol stations.
